

The background of the entire poster is a detailed painting. It depicts a woman's face from the nose up, with her eyes closed and a serene expression. Her face is pale and appears to be glowing from within. Surrounding her face are numerous small birds, possibly sparrows or finches, in various poses of flight. Some are perched near her face, while others are in mid-flight, their wings spread. The birds are rendered with fine detail, showing feathers and beaks. The overall composition is centered and symmetrical, with the woman's face as the focal point. The background is dark, making the light from the face and the birds stand out.
